Boys' Corn Growing Contest.

The Missouri Boys' Corn Growing Contest will be conducted again this year as usual. The Boys' Class consists of those over 10 years, and under 16; the Young Men's Class, of those over 16 and under 20 years.

Attractive premiums in cash and merchandise will be offered. Young men and boys should get in line for this work. Besides the State Corn Show at Columbia, will be held the State Fair at Sedalia and the National Corn Exposition at Omaha, Nebraska, where, in all, thousands of dollars will be won by somebody. Missouri boys should win a share of all this.

It costs nothing to join the Contest. Simply send your name to S. M. Jordan, Secretary Missouri Corn Growers' Association, Columbia, Missouri, and you will be enrolled as a member, and full particulars and instructions will be sent to you.

If you cannot get good seed near home the College of Agriculture is prepared to give small amounts of seed to those who enter the contest, but you are advised to use home-grown seed where at all possible.

Notice to the Patrons of the Public Schools of Iron County.

Attention is called to the fact that every school district in the state next year will be required to have an eight months' school, provided a levy of forty cents on the hundred dollars' assessed valuation, together with public funds, will be sufficient therefor. This means that every district in the state must levy a tax of forty cents unless a smaller levy will be sufficient for an eight months' term. This law was passed by the last General Assembly and went into effect on the 14th day of June, 1907, but the Attorney General held that it could not be made effective for the school year of 1907-8, for the reason that all arrangements for the school year had been made ere the law went into effect, and it would be unfair to hold districts responsible and cause them to forfeit their share of the public funds for not having an eight months' term when such was not the law when preparation for the school year was made.

Estimates for the succeeding school year must be in the hands of the County Clerk on or before the 12th day of May as provided in section 9771. When the estimates are received the clerk immediately proceeds to extend the taxes upon his books. It is time to begin thinking about the annual school meeting. The people are taxed in order that funds may be provided to pay for an eight months' school. Without protest the people give of their means that the rising generation may be educated. Having done this they have a right to expect at least fair returns. Voting to increase the tax rate and paying the same does not end one's responsibility. It is the duty of every taxpayer and patron to see to it that everything is done that will in any way add to the comfort, the pleasure and the advancement of the pupil. A good school board should always be chosen. Intelligent, progressive, liberal and ambitious citizens should be made school board members. There are men in every community who are clear-headed and public-spirited enough not to be influenced by unworthy motives, who will lay aside personal interests and work for the best interests of the district. As a rule such men are not candidates for the office of school director, but they should be pressed into service, and high class officers. An eight months' school must be provided for. Liberal provisions for library and for keeping a school property in good repair must be made. The business of the district is important and should be wisely planned and intelligently and vigorously executed. Every citizen of the district should attend the annual meeting, take part in the proceedings and insist that the best obtainable be secured for the children of the district.

Respectfully,
GEO. L. SMITH, Com'r.
